Ex.No:3 **Working with Web Page with the following constraints**

Date:

- **Search for the webpage with given information**
- **Downloading webpages**
- **Printing Webpages**

Aim:

To Search, Download and Print the Webpage

Algorithm:

Step 1:Open your web browser. The "Find" function is part of most popular web browsers. This includes Google Chrome, Firefox, Safari, and Microsoft Edge. Click the icon for which ever web browser you use to open the web browser.

Step 2:Searching the Webpage:

Navigate to the webpage you want to search. Use the address bar at the top of the web browser to enter the web address for the website you want to search. You can also use Google to search for the exact webpage you want to search.

Step 3:Downloading the Webpage:

1. Go to a page you want to save.
2. At the top right, select More ⋮ > **Save and share** > **Save page as**
3. Choose where you want to save the page.
4. Select **Save**.

Step 4:Printing the Webpage:

To print a webpage in Google Chrome, open it and press Ctrl+P on a PC

Step 5: Close the Web Browser.

Result:

Thus the Webpage has been Searched, Downloaded and Printed successfully.
